SUBMISSION OF CORRECTED DRAWINGS

Honorable Sir:

In a paper entitled Notice Regarding Drawings, mailed August 24, 2005, the Examiner in the above-identified patent application requested corrected drawings. Applicant timely submitted corrected drawings at the request of the Examiner. The corrected drawings were filed by first class mail with a certificate of mailing on September 22, 2005, and were received in the PTO on September 26, 2005. Meanwhile the Examiner issued a second notice, dated September 27, 2005. This second notice again requested the correction of the drawings. It appears that the two papers crossed in the mail. Since the requested corrected drawings have already been received by the PTO, there is no need to respond to the second notice, and, according, Applicant will not be filing a response.

If any fees are required pertaining to this response, Applicant(s) request that all necessary fees be charged to Deposit Account No. 13-0005.

Respectfully submitted,

  
Ted C. Gillespie
